Coram's Adoption and Permanent Families Service is one of the leading adoption agencies in the UK. We have adoption teams in London, East Midlands and East Anglia and run the country's only concurrent planning project. We are passionate about each child's right to permanence and our active research programme influences practice and policy. We are known for the quality of our placements, the post adoption support we provide and are proud to have an exceptionally low disruption rate. We have a partnership with Harrow to deliver their domestic adoption service, and are developing partnerships with other local authorities.

We are looking for two Senior Practitioners to join Coram and contribute to our continued growth and development. There are vacancies in both our London and East Midlands teams. Coram has a professional work ethos which values and respects social workers who remain in the field and develop their expertise. We provide good quality reflective supervision and opportunities to develop your practice skills.
